(b. 1947, Czestochowa, Poland) – sculptor, painter, designer, teacher, a graduate of the Academy of Fine Arts in Gdansk. Participant in around 500 exhibitions in Poland and abroad. Author of monuments and sculptural accents for public spaces, a winner of numerous awards.

Since the beginning of his artistic journey Kędziora has shown an interest in kinetic arts and sculpting experiments. The volatility of time, choices, and existence in contemporary times has become the basis of his artistic explorations, which have led him to start working on balancing sculptures, thanks to which he has become recognized around the world. He showed them at monumental open-air exhibitions, including in Dubai, Abu Dhabi, Palm Beach, Long Island, Berlin, Prague or Singapore, and at such events as the Biennale in Venice, Art Basel Miami, ArtTaipei and ARTZUID - Amsterdam Sculpture Biennial.
